   Dr. Troy Bray appointed Catherine Leach to serve as Parliamentarian.

5. Deborah Sesser, President of the Staff Senate announced that Staff Senate meets the 2nd Wednesday of each month at 10am.

6. President’s Report

   Report of Visit with Dr. Welch (January 28, 2011)

   Dr. Welch and I discussed some of the current renovations including the installation of the remaining new exterior light poles and the renovation of Womack. Dr. Welch explained the need to make Womack ADA compliant and emphasized the steps being taken during construction to accommodate those individuals unable to negotiate the stairway (e.g. the Womack staff will meet with such persons in the Garrison Center when necessary).

   As for the presidential search, Dr. Welch reported that the Board of Trustees considered feedback from the presidential search advisory committee, but took no action at their January 27th meeting. The Board decided to continue to assess any applications which may arrive in the next 10 to 14 days and determine at a later date how to proceed.
According to Dr. Welch a few bills being introduced during this legislative session warrant watching closely. Dr. Welch mentioned one bill being introduced that would standardize core course numbers at both 4 year and 2 year institutions across the state. However, it is not expected that this legislation would affect course content. Another bill of interest which could be introduced includes extending the smoking ban on Arkansas campuses to include sidewalks adjacent to university property.

Dr. Welch concluded his remarks by stating the budget continues to look good with SSCH up 7.8%.

Report of Meeting with Mr. Bobby Jones  
(January 25, 2011)

Mr. Jones stated that Henderson received the approval from the Arkansas Higher Education Coordinating Board for a $2.75 million loan at a rate not greater than 7% interest for 20-30 years for the new 20,000 sq.ft. dining hall. ARAMARK has committed to $2.5 million toward the new dining hall for a 10 year contract with an option to renew. Total cost of the structure is estimated at $5 million.

Construction/renovation to Foster Hall and Womack will begin shortly with stimulus money that will need to be spent by December 2011. Latest estimate is $2.75 million. The Simonson Biological Field Station on Lake DeGray is on schedule to be completed as early as April. Private funds are being utilized to make improvements to the baseball field.

Repairs of broken pipes in McBrien have been made and it appears that the carpet can be salvaged, but test for mold will be conducted at the end of the month.

Jones indicated that if our enrollment numbers continue to hold through the spring semester, he wants to increase the supplies and services budget for next year.

7. Old Business: there was no old business
8. New Business:
   a. Selection of senate committees. The senate committees are as follows:
