They are in the process of working with an architect to put plans together for new residence halls and that this most likely will be a phased in project. He reported that they have restarted the Enrollment Management committee and that this committee has plans to review the university’s admissions standards. He also noted that there would be changes in the current provisional program as well as a revamping of the Emergency management plan. Mr. Fielding reported that the university will begin work this summer on several projects that will foster a safer environment on campus.

EMPLOYEE OF THE YEAR PROCESS
Dan Mabery reported that he sent out a call for nominations a few weeks ago and would send out a reminder to all faculty and staff soon. He stated that currently there had been only one person nominated and encouraged others to nominate.

David Sesser reported that 4 applications for the fall textbook scholarship had been received. He stated that the committee had chosen a winner and it would be announced at the Staff luncheon to be held on May 22, 2012.

PRESIDENT’S REPORT
Dan Mabery reported that at the Board of Trustees meeting last week, the board approved the budget. He also reported that the rebidding process for the cafeteria would begin soon and that the board does not expect this process to affect the ground breaking timeline. He said that the ESCO lighting project has begun and is in the process of seeking out bonds and identifying a bidder. Dan also reported that
the board had finalized the contract for Dr. Glendell Jones and that they had approved an increase in tuition/fees (4.02%), housing (5%) and meal plans (5%) for the upcoming year.

ANNOUNCEMENTS
