

**Matt Locke Ellis College of Arts and Sciences
Department of Chemistry**

- Position:** Assistant Professor, tenure-track. Area of expertise is open. Start date August, 2009.
- Job Description:** Teaching will include freshman courses as well as courses in the applicant's specialty as needed. Additional duties include, but are not limited to, academic advising, committee work, and professional mentoring and scholarship.
- Qualifications:** Doctorate in chemistry required and teaching experience preferred.
- Salary:** Commensurate with qualifications and experience.
- Department:** The chemistry department emphasizes excellence in teaching and research and is housed in a modern facility well equipped with a full range of instrumentation including a 200 MHz NMR and a GC-MS. Our undergraduates are involved in research and present a large number of poster presentations at ACS national meetings and elsewhere. A large percentage of our graduates go on to graduate or professional schools.
- University:** Henderson State University is located in southwest Arkansas on Interstate 30 midway between Little Rock and Texarkana. Serving 3,600 students, Henderson is the exclusive Arkansas member of the Council of Public Liberal Arts Universities. Henderson achieves superior instruction while being known as the "School with a Heart." Additional information is available at www.hsu.edu.
- Application:** Submit hard copies or electronic versions of curriculum vitae, graduate and undergraduate transcripts, teaching philosophy, research plans involving undergraduates, and arrange for three letters of reference to be sent to:
- Martin Campbell, PhD – Search Committee Chair
