

Cognitive Science Certificate
Psychology
College of Performing Arts and Social Sciences

Cognitive Science Certificate, a 12-13 credit-hour program (4 courses) introduces the burgeoning field of cognitive sciences stemming from philosophy, neuro-behavioral and quantitative sciences. In the wake of computer and internet technologies, cognitive sciences have focused on mental, cognitive and computational models to explain, and make use of human and machine minds. Students that complete this program will enrich their understanding about many evolving ideas in cognitive sciences, enabling them to analyze, evaluate, and interpret findings in the field.

Required Courses (3 credit hours)

Course Number	Course Title	Hours
PSY3153	Cognitive Psychology	3
