

Instructor of Mathematics

Matt Locke Ellis College of Arts and Sciences

Department of Mathematics, Computer Science, and Statistics

Job Description: Nine-month, non-tenure-track mathematics instructor position. The teaching load will typically be 15 hours each semester, with the possibility of summer employment. Courses taught would include general education mathematics and statistics courses, and entry-level mathematics courses for P–8 education majors. Expectations for the position have demonstrated interest in increasing competence through professional development opportunities. Strong teaching performance generally assures yearly contract renewal.

Qualifications: Henderson State University is an Equal Opportunity/Affirmative Action Employer with a significant commitment to the achievement of excellence and diversity among its faculty, staff, and students. In pursuit of this commitment, candidates will possess at least 18 graduate hours of mathematics, mathematics education, statistics, or 18 graduate hours in a mathematical science field.

Salary: Commensurate with qualifications and experience.

University: Henderson State University is located in Arkadelphia, Arkansas, a charming, family-centered community of 11,000 residents situated one hour south of Little Rock, Arkansas on Interstate 30. Nestled in the foothills of the Ouachita Mountains, the community is home to two universities, a strong public school system, a thriving medical community, two recreational rivers, the iconic Lake DeGray, and is approximately 30 miles from historic Hot Springs National Park, one of the great American treasures. Please visit www.hsu.edu, www.arkadelphiaalliance.com or www.arkadelphiaschools.org for more information about Henderson State University and our community.

Department: The Department of Mathematics, Computer Science, and Statistics has ten full-time plus one emeritus faculty members. The department offers a BS degree in mathematics with three tracks (statistics, teacher licensure, and pure) and a BS in computer science. Our programs are designed using guidelines from the ACM, ASA, CAEP, IEEE, and MAA.

Application: To be considered, each applicant must provide a letter of application, a vitae, unofficial undergraduate and graduate transcripts, a statement of teaching philosophy, and three letters of recommendation, which may be submitted separately. Applications should be submitted electronically in PDF form to Dr. Michael Lloyd by February 15, 2022.

Review of applications will begin February 16, 2022 and continue until the position is filled. The final applicant for this position will be required to submit to a background screening including a criminal background check pursuant to university policy. The applicant will also be required to provide official transcripts to Human Resources. Under the provisions of the Arkansas Freedom of Information Act, applications are subject to public inspection upon written request.
